EDUCATION:

INFORMATICS B.S.

PSYCHOLOGY B.A.

2023 - 2027

University of Washington - Seattle

EXPERIENCE:

UX DESIGN INTERN | PRESENT

SportsExcitement

Owned end-to-end redesign of registration flows across mobile and desktop for a youth sports community and management platform. Streamlined onboarding by eliminating non-essential sign-up fields and restructuring the activation sequence to prioritize time-to-value, getting users into the core product experience faster

RESEARCH ASSISTANT / VOLUNTEER | JAN 2026 – PRESENT

Center for the Study of Health and Risk Behaviors

Processed and analyzed behavioral datasets in R across 2 study cohorts. Co-authored in writing research paper and a book chapter.

UX DESIGNER | MAY 2025 – JAN 2026

Sunday Studio

Owned all UX designs for a desktop video game: Us Five Forever. Rapid prototyped and tested in game puzzles, handing off to programming team, and iterate. Also, designed studio website in Figma, then built with AI using React.js.
